**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The recent episode of a telecom throttling the data rate of the fire fighters working to put out a fire in California because "they exceeded their cap" should be the only reason you need to deny passage of this bill.

Allowing corporations to decide what information can flow freely and what can be denied by making extreme download times is a serious infringement of free speech.
